Synopsis: Motor vehicle documentation and sales. Conference committee report for ESB 405. Revises procedure regarding delivery of certificate of title and certificate of salvage titles. Requires an assembled vehicle to bear an identification number and requires certain information on its certificate of title. Requires permission from the bureau of motor vehicles (BMV) to place a special identification number on a motor vehicle that does not bear its original or unaltered identification number. Repeals language regarding procedure for an application to the BMV for a missing manufacturer's identification number on a motor vehicle. Provides that the BMV may not issue an offsite sales license to certain motor vehicle dealers. Makes it an unfair practice for a person to act as a broker in the advertising, buying, or selling of at least 12 new or used vehicles per year. Makes conforming amendments. **(This conference committee report: (1) deletes the requirement that certain applications for a license to be a dealer or wholesale dealer of motor vehicles be accompanied by a bond or renewal certificate for a bond; (2) deletes provisions requiring certain off-road vehicles to be registered with the department of natural resources (department) in order to be operated; (3) deletes the Class C infraction penalty to be charged for the operation of certain off-road vehicles without the identification numbers issued by the department attached to the off-road vehicle; (4) deletes an exception concerning the operation of farm machinery and farm tractors upon a roadway; and (5) specifies an exception pertaining to the issuance of an offsite sales license.)**
